

Publications - Grants funded in 2007/2008

EA0704 - Dr Michael LINNEBANK

Dept of Neurology, University Hospital, Bonn - Germany

"The impact of methionine metabolism for the incidence and the clinical course of alcohol dependency"

EA0708 - Dr Teresa MOREIRA

School of Health and Social Care, Oxford Brookes University - UK

"Is brief personalized feedback effective in reducing alcohol-related problems amongst University students in different European countries?"

[Moreira T and Foxcroft DR \(2008\) The effectiveness of brief personalized normative feedback in reducing alcohol-related problems amongst university students: protocol for a randomized controlled trial. *BMC Public Health*, 8:113](#)

EA0710 - Dr Martin HAGGER

School of Psychology, University Nottingham - UK

"A psychosocial intervention to reduce high-risk single session alcohol (binge) drinking among company employees in a workplace setting in four European nations"

EA0712 - Dr Andrew PERCY

Institute of Child Care Research, Queens University, Belfast - UK

"Extending growth mixture modelling for the longitudinal study of adolescent alcohol use"

EA0714 - Dr Edwin H. JACOBS

Dept of Cell Biology and Genetics, Erasmus University Medical Center - The Netherlands

"The bidirectional relationship between the biological clock and alcohol addiction"

Jacobs EH (2008) The effects of drugs of abuse and alcohol on circadian rhythms. *International Journal of Psychopharmacology*, 11, suppl. 1, p. 21.

EA0715 - Prof. Ian ALBERY

Dept of Psychology, London South Bank University - UK

"'Blind Drunk ?' Differentiating the psychopharmacological and expectancy effects of alcohol consumption on attentional bias"

EA0721 - Dr Dieter ROSSKOPF

Dept of Pharmacology Ernst Moritz, Arndt University - Germany

"Ethanol modulation of the INSIG /SCAP/SREBP system: roles for the pathogenesis of fatty liver and obesity"

EA0723 - Prof. Laura DELLA CORTE

Dept Preclinical and Clinical Pharmacology, University Firenze - Italy

“Molecular and cellular damage induced by binge drinking in adolescents. Can this be diminished by targeted protaurine drugs?”

[Freinbichler W, Tipton KF, Della Corte L and Linert W \(2009\) Mechanistic aspects of the Fenton reaction under conditions approximated to the extracellular fluid. *Journal of Inorganic Biochemistry*. 103:28-34.](#)

[Ward RJ, Lallemand F and De Witte P \(2009\) Biochemical and neurotransmitter changes implicated in alcohol induced brain damage in chronic or 'binge drinking' alcohol abuse. *Alcohol and Alcoholism*, 44\(2\):128-135.](#)

[Lallemand F, Ward RJ and De Witte P \(2009\) The influence of chronic nicotine administration on behavioural and Neurochemical parameters in male and female rats after repeated binge drinking exposure. *Alcohol and Alcoholism*, 44\(6\):535-546.](#)

[Ward RJ, Colivicchi MA, Allen R, Schol F, Lallemand F, De Witte P, Ballini C, Della Corte L and Dexter D \(2009\) Neuro-inflammation induced in the hippocampus of “binge drinking” rats may be mediated by elevated extracellular glutamate content. *Journal of Neurochemistry*, 111\(5\):1119-1128.](#)

[Freinbichler W, Bianchi L, Colivicchi MA, Ballini C, Tipton KF, Linert W and Della Corte L \(2008\). The detection of hydroxyl radicals in vivo. *Journal of Inorganic Biochemistry*, 102:1329-1333.](#)

[Petkova-Kirova P, Rakovska A, Zaekova G, Ballini C, Della Corte L, Radomirov R and Vágvölgyi A \(2008\) Stimulation by neurotensin of dopamine and 5-hydroxytryptamine \(5-HT\) release from rat prefrontal cortex: Possible role of NTR1 receptors in neuropsychiatric disorders. *Neurochemistry International*, 53:355-361.](#)
